

Meeting Minutes – May 2016

5/10/16

Old Business:

New Business:

New Banner - We discussed creating a new banner for the club with an updated logo. Something simple with our logo, club name, and maybe the year the club was founded. Mike will put together a few simple designs, and the club can look them over at the next meeting.

T-Shirts - Colette is checking to see if she has any t-shirts left from the last order. Discussed a potential t-shirt order later in the year. Need to get a higher number of shirts ordered in order to keep costs down (over 20-30).

Sensory Evaluation Kit - Matthew brought up purchasing a sensory evaluation kit that provides ingredients to dose beers in order to determine off-flavors. This can also be done with household items. This led into the next topic regarding a BJCP Study Class like we've done in the past.

BJCP Study Class - We have previously held a study class for people interested in taking the BJCP exam, and/or people just interested in expanding their beer knowledge. If people are interested, we will determine if this is something that a club member would be interested in hosting/running. Mark & Colette have offered in the past. It will depend on their schedule as well as the BJCP exam schedule. Since the class is geared towards taking the BJCP exam, we would need to try to find an exam that was close to our location or try to coordinate a class and tasting exam. If this were to happen, it would likely not be until the fall/winter. More discussion will come in the future.
