

Meeting Minutes – September 2016

9/13/16

Old Business:

See minutes from last month

New Business:

Mead Day:

Saturday, September 17th at Mark & Colette's house (address was sent in email and on Facebook page). Start time is 2pm. The apple crusher and press will be available for people to use. We will make a couple of meads throughout the day. Sandwiches will be provided, but feel free to bring a side or snack to share. Also all homebrew and commercial beers, meads, and ciders are welcome. Hope to see you Saturday!

ISU Hop Farm - Potential Speaker:

Scott talked with the Dianna Cochran who runs the ISU hop research plot recently as part of one of the classes he teaches. He is going to follow up with her and potentially schedule an upcoming meeting where she can discuss the hop farm and everything the goes along with it. Look for an announcement in the future regarding this. More information about the hop farm:
