Notes

- Mark has talked to Petey about Alluvial grain orders. There are 3 weeks before he puts in the next order so we should decide what we want before then.
- Mark will be hosting his "Mead Day" in September, official day TBA.
- We are considering doing a raffle night in the fall- we will have to start planning for it soon if we are to go through with it.
- It has been noted that many members are not receiving notifications from Google Groups. We will try to put together an email list.
